Update Influenza 2015-16: Vaccination Recommendations
&
Immunization Update 2015

COURSE OBJECTIVES:

1. Describe the “current” ACIP vaccination recommendations for children from birth - 18 years and adults.
2. List one important reason pregnant women are recommended to receive the **flu shot** annually.
3. Identify the guidelines for vaccinating persons with a history of egg allergy.
4. Describe the vaccine recommendations for Pneumococcal conjugate (PCV13) and Pneumococcal polysaccharide (PPSV23).
5. Discuss the new HPV vaccine and recommendations.
6. Describe the new Standards for Adult Immunizations.
7. Describe the recommendations for new meningococcal B vaccines.
8. Discuss new legislation aimed at eliminating personal belief exemptions in California.
